DETAILED ACTION

Examiner's Amendment

Claim 1 (page 2, line 9) contains the phrase 'reflective plate'. The examiner is assuming that is a typographic error and has changed it to 'reflecting plate.'

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 3, 6, and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Saito et al. (US Patent Publication 2002/0113924).

With respect to claim 1, Saito teaches a direct backlight module (Figure 1) comprising: a diffuser (Figure 1: SCT); a reflecting plate (REF) connected to the diffuser (SCT) by means of the frame (FLM-D) and forming a chamber there between; a plurality of light sources (CFL) disposed at the chamber; and at least one transparent support disposed in the chamber to support the diffuser and the reflecting plate, wherein the at least one transparent support includes a retaining portion (Figure 6: HLD) and a supporting plate (TPS-Figure 6 or Figure 11: FLM-U) disposed between the diffuser and the reflecting plate (Figure 6). The retaining portion extends from the supporting plate (Figure 6) to abut the reflecting plate (Figures 6 and 8) at the edge of the hole therethrough.

Regarding claims 3, 6, and 7, applicant has failed to separately argue these dependent claims, therefore, the claims are still rejected for the reasons discussed in the previous office action.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 17 and 18 are rejected under 35 U.S.C. 103(a) as being unpatentable over Saito et al. (US Patent Publication 2002/0113924). Regarding claims 17 and 18 applicant has failed to separately argue these dependent claims, therefore, the claims are still rejected for the reasons discussed in the previous office action.

Allowable Subject Matter

Claims 4 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
